Subject: FW: Complaint re: Glen Rose Medical Center and Pecan Plantation Spending

Hi Greg

I have still not received a reply regarding the second part of this complaint. Would appreciate a written reply.

Subject: FW: Complaint re: Glen Rose Medical Center and Pecan Plantation Spending

Hi, Greg

Andy has answered the first part of my complaint, but the second has not been addressed. That is where Glen Rose Medical Center is putting money into a 501a account but not requiring, as the management agreement between the 501a and GRMC stipulates and as the audit references, written documents showing how the money is being spent. I originally requested that this be investigated by your office or, if you do not have resources, by the Texas Rangers. I haven't had any specific answer to that part of the complaint.

I appreciate our reply

Deb

Yes, the remedy lies in district court in a civil action. On the second issue, my office does not investigate complaints. That is not our function.

Andy

So, to be precise

You are saying that, for the first issue, which deals with Somervell County spending taxpayer money into Hood County's hospital district, you believe that the remedy is for a citizen to file a civil lawsuit. Yes?
Second, and I have not seen this specifically addressed, you are choosing not to investigate the issue of taxpayer money going into the 501a account without written accountability to show how taxpayer money is being spent. Yes?

Deb

Subject: RE: Complaint re: Glen Rose Medical Center and Pecan Plantation Spending

If there was anything in Chapter 286 which prevented the district from doing so, I would take a look at it. If a citizen seeks injunctive relief from the district court, the judge can make the determination.

Hi, Deb

I spoke to Andy Lucas today and He indicated that he will not prosecute this case.
Any further question should be directed to Mr. Lucas.

Thank You
Greg Doyle

Hi, Greg

I have not yet received any type of reply regarding the original complaint I filed at the end of August, 2013. In the meantime, I, through an open records request, found that the attorneys for the Somervell County Hospital District had written back 2 months ago to Andy Lucas. Attached see my response to that letter, which also includes some additional references. This is a supplemental document to be read in conjunction with the original complaint.

I believe that some actions need to be taken. I await your reply.

Importance: High

Hi, Greg
I had sent this to Darrell Mccravy on August 31, 2013. He wrote me back that he had not had a chance to look at it yet but would call me back after he reviewed it. I saw the other day that he is no longer working for the

Somervell Sheriff's Department, but has taken a good opportunity in the DA's office. My question to you is, who is the person who has taken over looking at this complaint?

I appreciate your letting me know you received this email, even if you don't have an immediate answer.

Subject: Complaint re: Glen Rose Medical Center and Pecan Plantation Spending

Hi, Darrell

I am attaching a document that includes a complaint that I would like to be treated as a criminal complaint, as it appears to me that GRMC is breaking the law by spending Somervell County taxpayer money at Pecan Family Medical Center in Hood County. If this is not something that Somervell County typically investigates, I request that it be sent to the Texas Rangers for investigation. I believe this is not a trivial matter since it involves taxpayer money.

After you have had a chance to look this over, I appreciate your contacting me to discuss. I would also appreciate a short response to this email so that I know you have received it.

Thank you
